

Document 1 — Restaurant Partner Guidelines

Restaurant Partner Guidelines

Introduction

These guidelines describe the operational standards expected from all restaurant partners using the food delivery platform. Following these procedures ensures customers receive high-quality food while reducing delivery delays and customer complaints.

Restaurants are responsible for maintaining accurate menus, preparing food safely, and communicating promptly with drivers and customers.

Order Confirmation

Restaurants should confirm all incoming orders within **2 minutes** of receiving them.

Fast confirmation allows the platform to assign drivers more efficiently and gives customers accurate preparation estimates.

Orders that remain unconfirmed for **more than 5 minutes** are automatically cancelled by the platform. Automatic cancellation helps prevent customers from waiting unnecessarily.

Repeated failures to confirm orders may negatively affect restaurant performance metrics.

Food Preparation

Restaurants should:

- Begin preparing food immediately after confirming an order.
- Update preparation times during busy periods.
- Notify the platform if unexpected delays occur.
- Package food carefully to prevent spills.

During peak hours such as lunch and dinner, restaurants should regularly review estimated preparation times to avoid unrealistic delivery estimates.

Packaging Standards

All food should be packaged securely before driver pickup.

Hot meals must be sealed using tamper-evident stickers whenever possible.

Cold drinks should have protective lids and be placed separately from hot food.

Restaurants should avoid overfilling containers to reduce leakage.

Driver Pickup

Before handing an order to a driver, restaurant staff should verify:

- Order number
- Customer name
- Number of bags
- Special requests

Drivers should never leave with incomplete orders.

Menu Management

Restaurants are responsible for maintaining accurate menus.

Menu updates should include:

- Current prices
- Availability
- Preparation times
- Item descriptions

Out-of-stock items should be removed immediately to avoid customer disappointment.

Performance Expectations

Restaurants are encouraged to maintain:

- High confirmation rates
- Low cancellation rates
- Fast preparation times
- Accurate order fulfillment

Consistently high-performing restaurants may receive promotional placement within the platform.

 Document 2 — Delivery Policy

Delivery Policy

Overview

The delivery policy explains how customer orders are delivered efficiently while maintaining reasonable delivery times and service quality.

Delivery Radius

The standard delivery radius is **12 kilometers** from the restaurant.

Orders beyond this distance remain available but require an **extended delivery fee**.

Customers are informed of any additional charges before confirming payment.

Delivery Times

Estimated delivery times depend on:

- Restaurant preparation
- Driver availability
- Traffic conditions
- Weather
- Distance

Actual delivery times may vary during holidays or peak hours.

Driver Delays

Drivers should contact customers whenever they expect to arrive more than **10 minutes later** than the estimated delivery time.

Communication may occur through:

- In-app messaging
- Phone call

Keeping customers informed significantly improves customer satisfaction.

Failed Deliveries

Drivers should attempt to contact customers before marking a delivery as unsuccessful.

If the customer cannot be reached after multiple attempts, the order may be cancelled according to platform policy.

Contactless Delivery

Customers may request contactless delivery.

Drivers should:

- Leave the order at the requested location.
- Take a delivery confirmation photo if required.
- Notify the customer immediately.

Delivery Fees

Delivery fees are calculated using:

- Distance
- Driver availability
- Peak demand
- Promotions

Customers always see the delivery fee before placing an order.

Document 3 — Refund Policy

Refund Policy

Overview

The refund policy explains the situations where customers may receive full or partial refunds.

Refund requests are reviewed automatically whenever possible.

Full Refunds

Customers receive a **full refund** if:

- The restaurant cancels the order.
- The driver cannot complete the delivery.
- The order cannot be delivered.
- Food arrives in unsafe condition.
- Items are missing because of restaurant error.

Refunds are generally processed within several business days depending on the customer's payment provider.

Partial Refunds

Customers may receive a partial refund if:

- Incorrect items were delivered.
- Food quality does not meet expectations.
- Part of the order is missing.
- An item is significantly damaged.

The refund amount depends on the affected items.

Non-Refundable Situations

Refunds are generally not issued when:

- The customer entered the wrong address.
- The customer was unavailable during delivery.
- Food preferences were not specified during ordering.

Reporting Problems

Customers should report issues as soon as possible using:

- Order History
- Customer Support
- Live Chat

Providing photos may speed up the review process.

Document 4 — Driver Handbook

Driver Handbook

Introduction

Drivers represent the platform during every delivery. Professional behavior, safe driving, and accurate deliveries are essential.

Before Pickup

Drivers should:

- Arrive promptly.
- Verify the restaurant name.
- Confirm the customer name.
- Confirm the order number.
- Check the number of bags.

Drivers should avoid marking an order as picked up until all items are collected.

During Delivery

Drivers should:

- Keep insulated bags closed.
- Protect drinks from spilling.
- Follow GPS navigation.
- Drive safely.

Food quality depends heavily on proper transport.

Customer Handover

Drivers should verify:

- Customer name
- Order number

Only after handing the order directly to the customer should they mark it as delivered.

Professional Conduct

Drivers should:

- Be polite

- Avoid arguments
- Respect customer privacy
- Wear clean clothing
- Maintain clean delivery equipment

Ratings

High customer ratings increase delivery opportunities.

Drivers are encouraged to maintain excellent communication throughout every delivery.

Document 5 — Customer FAQ

Frequently Asked Questions

Can I cancel my order?

Yes. Orders can be cancelled before the restaurant starts preparing them.

Once preparation begins, cancellation may no longer be possible.

How do I track my order?

Use the **Live Tracking** screen inside the mobile application.

Customers can view:

- Restaurant status
- Driver location
- Estimated arrival time

How can I contact my driver?

Customers may contact drivers through the in-app messaging feature once the driver has accepted the order.

How do I request a refund?

Open your completed order, select **Report an Issue**, and choose the reason for your request.

Can I schedule an order?

Yes. Customers may place scheduled orders for a future delivery time when supported by the restaurant.

What payment methods are accepted?

The platform supports:

- Credit cards
- Debit cards
- Digital wallets

- Apple Pay
- Cash on delivery (where available)

Document 6 — Loyalty Program

Loyalty Program

Membership Levels

Customers automatically join the loyalty program after creating an account.

The program currently includes:

- Silver
- Gold

Silver Membership

Silver members earn **1 point for every SAR spent**.

Points accumulate after completed orders.

Gold Membership

Gold members earn **2 points for every SAR spent**.

Gold members may also receive:

- Exclusive discounts
- Early promotional access
- Free delivery campaigns

Point Expiration

Reward points expire **12 months** after they are earned.

Expired points cannot be restored.

Redeeming Points

Customers may redeem points during checkout for eligible rewards.

The application automatically displays available redemption options.

Document 8 — Driver Safety Rules

Driver Safety Rules

Safety First

Driver safety is the highest priority.

Deliveries should never compromise safe driving practices.

Driving Rules

Drivers must:

- Follow traffic laws.
- Obey speed limits.
- Never use a phone while driving.
- Stop completely before checking navigation.

Hands-free navigation should be configured before starting the trip.

Protective Equipment

Drivers delivering at night should wear reflective clothing or equipment.

Motorcycle drivers should wear approved helmets.

Vehicle Maintenance

Drivers should regularly inspect:

- Tires
- Brakes
- Lights
- Fuel level

Unsafe vehicles should not be used for deliveries.

Weather Conditions

Drivers should reduce speed during:

- Heavy rain
- Dust storms
- Fog

If weather conditions become dangerous, deliveries may be temporarily suspended.

 Document 9 — Food Safety Guidelines**Food Safety Guidelines****Temperature Requirements**

Cold food should remain below **5°C**.

Hot food should remain above **60°C**.

These temperatures reduce the risk of bacterial growth.

Transport Time

Orders exceeding safe transport times should be discarded rather than delivered.

Restaurants and drivers share responsibility for maintaining food safety.

Packaging

Food containers should remain sealed throughout transportation.

Damaged packaging should be reported immediately.

Hygiene

Drivers should:

- Wash hands regularly.
- Use clean insulated bags.
- Keep delivery equipment sanitized.
- Avoid placing food directly on vehicle floors.

Cross Contamination

Raw foods should never be transported alongside cooked foods.

Food allergens should be handled carefully to prevent contamination.

 Document 10 — Platform Terms of Service**Platform Terms of Service****Customer Responsibilities**

Customers are responsible for:

- Providing accurate delivery addresses.
- Supplying a reachable phone number.
- Being available during delivery.
- Reporting problems honestly.

False refund claims may result in account restrictions.

Restaurant Responsibilities

Restaurants must:

- Prepare food safely.
- Maintain accurate menus.
- Package food securely.
- Confirm orders promptly.
- Inform the platform about delays.

Driver Responsibilities

Drivers must:

- Deliver orders safely.
- Follow traffic regulations.
- Protect customer privacy.
- Maintain professional conduct.
- Deliver orders to the correct customer.

Platform Responsibilities

The platform aims to:

- Match customers with restaurants.
- Assign qualified drivers.
- Process secure payments.
- Provide order tracking.
- Resolve customer support requests fairly.

Account Usage

Users should protect their login credentials and avoid sharing their accounts.

Accounts involved in fraud or abuse may be suspended or permanently removed.
